

Message Outline

*A Doctor's Diagnosis of Jesus:
Researching the Resurrection*

Luke 24

Intro: A three month series studying Dr.

Luke's diagnosis of Jesus...

- Healthcare topics include: birth, pediatrics, genetics, diet, exercise, sleep, urgent care, social work, insurance, terminal reports...
- The final piece of data...

Read: Luke 24

- Age of analytics...
- Researching the resurrection...

The Reasoning behind Resurrecting

1) _____ v.3

- Doctors first piece of evidence: the body...
- Where is the body? 4 Theories...
 - a) _____
 - b) _____
 - c) _____
 - d) _____
- Data of the body isn't only His *absence* in the tomb, but also His *presence*!

2) _____ v.37ff.

- The science on hallucinations...isolated, intermittent, individual psyches...
- Not the experience detailed in Scripture...

3) _____ v.10, 18, 33

- Each name is a source that can be screened...
 - Many of these sources murdered for their message...aka they had nothing to gain from a lie!
- Why start with women if you wanted to start something in antiquity???

4) _____ v.27, 44, 6

- Predicted and prevailed!!! Somethings up!

5) _____ Acts 1:1

- The church sets up its base at the very site of these events...not running from facts!
